

Art Catalogue 2022

LOUGHBOROUGH
Grammar School

Thank you for viewing the latest edition of our Art Exhibition 2022 catalogue. This is an annual record of the work produced by our 2022 artists who gained qualifications in both GCSE and A Level Art and Design.

We were both excited and relieved to re-launch our live exhibition in June 2022, our first post-COVID event. The boys and staff wish to thank all parents and visitors who took the time to attend and share such glowing feedback; the standard of work was overwhelmingly high. Due to exam board regulations, there is always a slight delay in being able to share digital reproductions of the work, but we are delighted to now be able to do so. This catalogue includes just a small selection of images from each boy's coursework portfolio. As always, students had the freedom to develop projects on completely individual and independent themes, thus producing an exhibition and catalogue of great creative breadth. Increasing numbers are choosing to work digitally and with projection and/or mixed media, whilst the independent research conducted is showing the ever-evolving influence of contemporary Fine Art practice.

2022 also saw the return of trips, gallery visits and visiting artists. The Royal Academy welcomed us to the Summer Exhibition and Cornelia Parker's installations at the Tate Modern have inspired many of the projects due for completion in 2023. We were delighted to welcome back Scott Bridgwood and Jo Sheppard to lead on life drawing and texture workshops respectively. We also continued to work closely with Leicester Print Workshop to offer screen printing opportunities. One boy became the first in the School's history to receive his Bronze Arts Award, and we currently have pupils in all year groups compiling evidence for their Bronze, Silver and Gold Arts Award.

We sincerely hope that all pupils, parents, staff and visitors to school will take an interest in this catalogue- there is much to be praised about the commitment and endeavour of all boys at Loughborough Grammar School. Art is just one of the many areas of school life where boys continue to thrive and where we can truly see our young men at their best. We would like to wish our Year 13 leavers the best of luck with their diverse onward plans, including degrees in Product Design and Mechanical Engineering, and a flight path to the RAF.

Please continue to follow us on Twitter @LboroGS Art for regular updates, including 'Artwork of the Week' and monthly lower school competitions. Our 2023 competitions for House Art and House Photography are now underway, with many other club opportunities also available for all boys to continue making valuable contributions to Art beyond lesson time.

Thank you for your continued support and congratulations to all of our 2022 exhibitors.

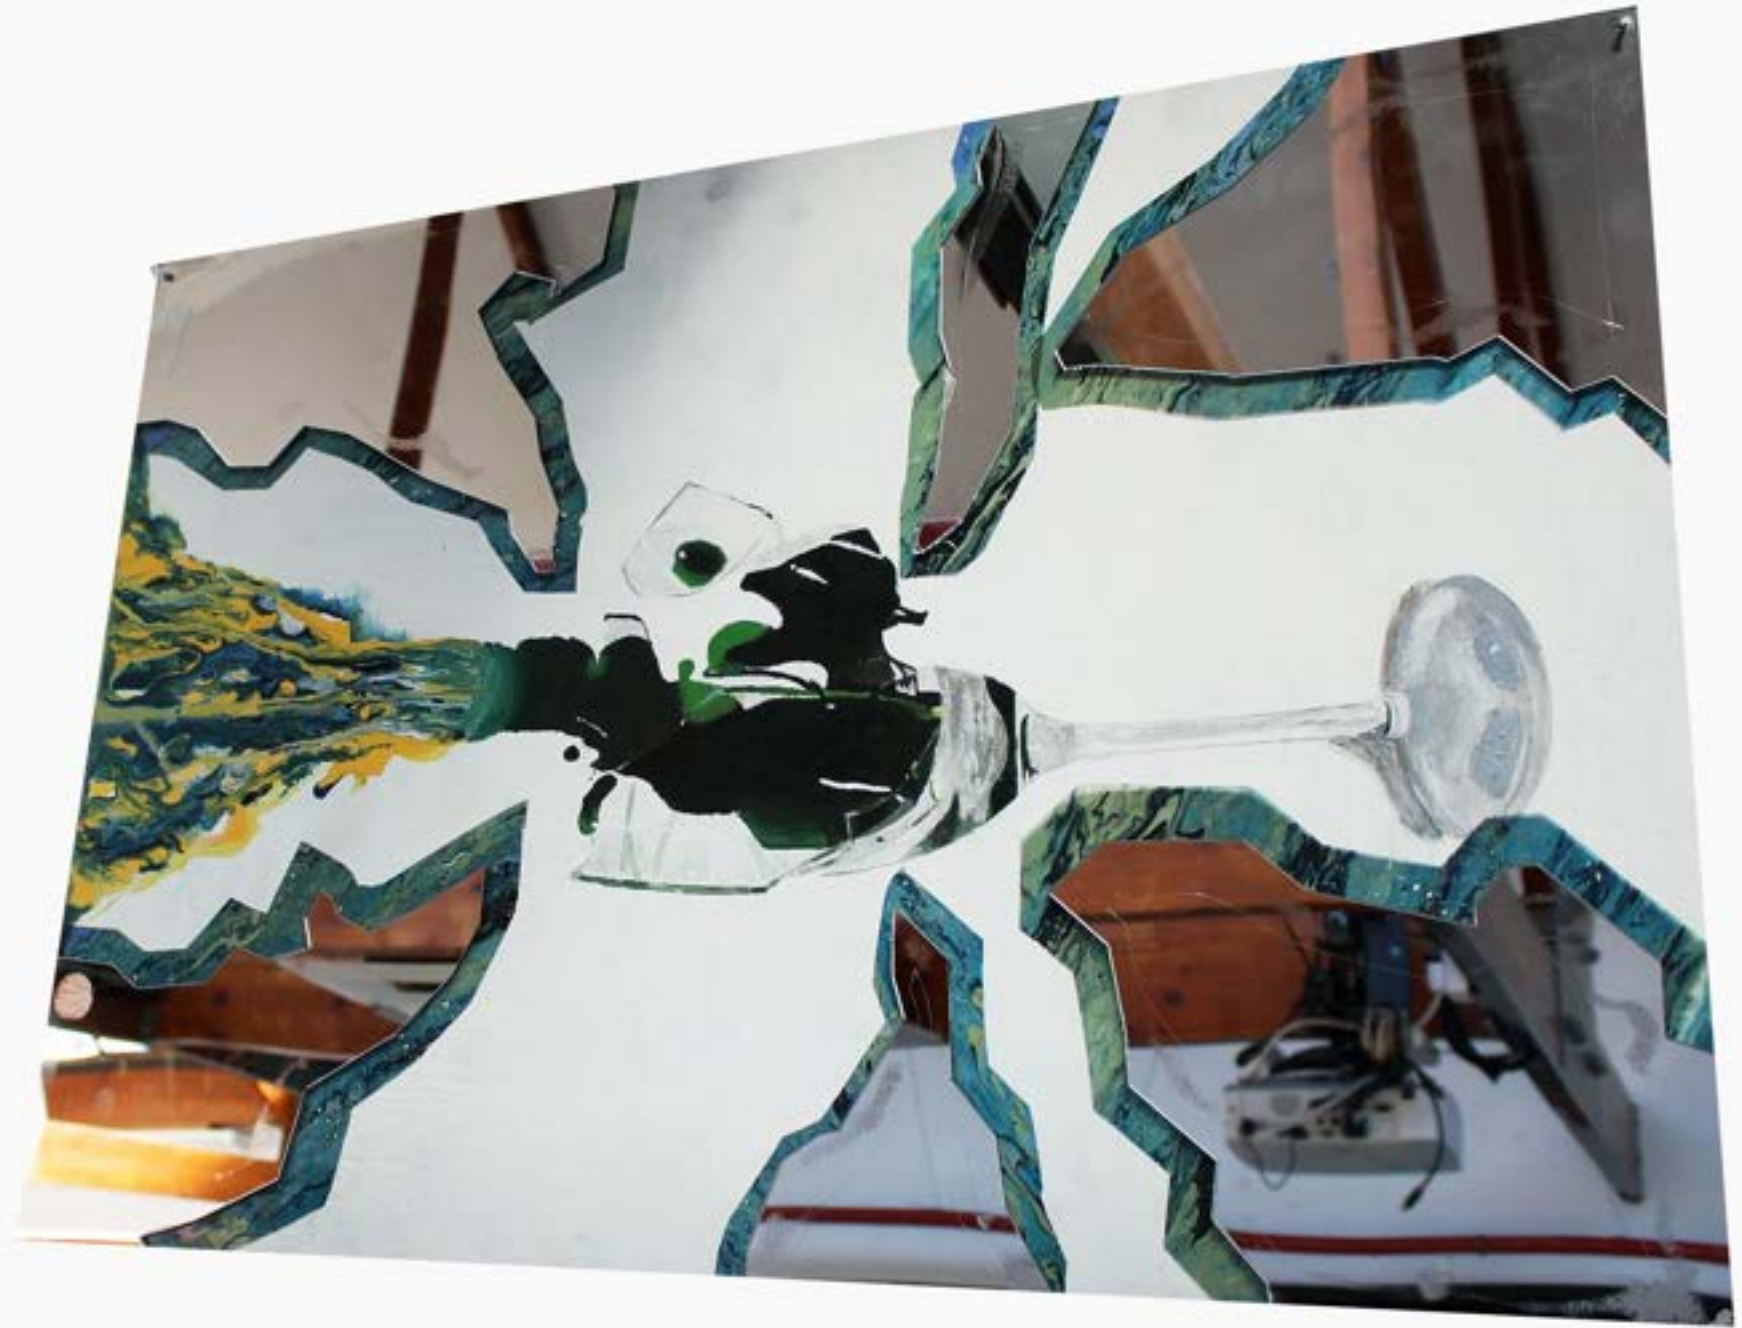

The Art Department: Miss Johnson, Mrs Lewis, Mrs Notman, Ms McGahey and Mr Fisher.
