

LHS Sixth Form Dress Code 2021/22

Day to Day

There is a professional dress code for our learners, which has been designed to reflect the values of hard work and professionalism we instill in all our students.

Students must wear the school suit consisting of jacket and skirt or trousers. The jacket and skirt should only be purchased from the LSF School Uniform Shop or the PA Exchange Shop. Skirts should not be excessively tailored and must not be shortened.

All trousers should be smart, black, business-like and in a material to match the suit jacket.

The suit can be worn with a top of your own choice and personalised with discreet jewellery, scarves etc.

A common sense approach to suitable attire is encouraged- if it wouldn't be appropriate in an office it shouldn't be worn to school. A few guidelines

- All tops should be smart, modest and long enough to be tucked in to the top of the skirt or trousers; no bare midriffs.
- Excessive writing, pictures and/or logos should not feature on any tops.
- Coordinating dark or flesh coloured tights should be worn at appropriate times of year.
- Footwear should be smart and sensible: there should be no trainers, plimsolls, flip-flops, high heels, backless shoes or boots.
- Coats, if worn, should be black or navy and in keeping with business attire. No excessive logos are allowed.
- Hair should not be coloured in a way that makes it conspicuous to the school community.
- Make up, if worn, should be minimal and natural.
- Jewellery may be worn and should be in keeping with a business-like appearance.
- Students are permitted to wear up to two pairs of earrings, one in the lower lobe and one higher up the ear. There should be no other visible piercings
- Simple, smart, professional looking nail varnish is permitted. Nails should not be excessive.
- Denim, shorts, low-cut tops, sweatshirts, leggings and sportswear are not appropriate.

Health and Wellbeing and Sports Kits

For the weekly Health and Wellbeing sessions students will need a red LSF PE top from the school shop. This can be paired with suitable bottoms of student choice- sports leggings, jogging bottoms or sports shorts. (Revealing or very short shorts are not suitable)

It is a health and safety requirement that students remove any jewellery and earrings to participate in any Health and Wellbeing activity, whether it is for a contact sport or not. It is important that earrings are able to be removed in time for the first H+W session of the year.

Students participating in competitive matches will need specific games kit as described by the PE department.
