You will be redirected to:

A screenshot of the Loughborough Grammar School account activation page. The page has a red header with the school's name. Below the header, there are two columns. The left column is titled "Activate account" and contains the text "Cloud Users" and "To activate your account, enter your email address or username." Below this is a text input field with a person icon and the placeholder text "Email address or username". A blue "Activate account" button is positioned below the input field. At the bottom of the left column is a "Log in" link. The right column is titled "Or log in with" and contains three options: "Guest user" with a person icon, "Google Account" with the Google logo, and "Office 365" with the Office 365 logo. At the bottom right of the page is the "firefly" logo.

Enter your email address and click the 'Activate account' button. Please note - the email address has to be the same as stored under your child's Parent Contacts in iSAMS, i.e. the address that you use for the Parent Portal and to receive school emails.

You will see the following:

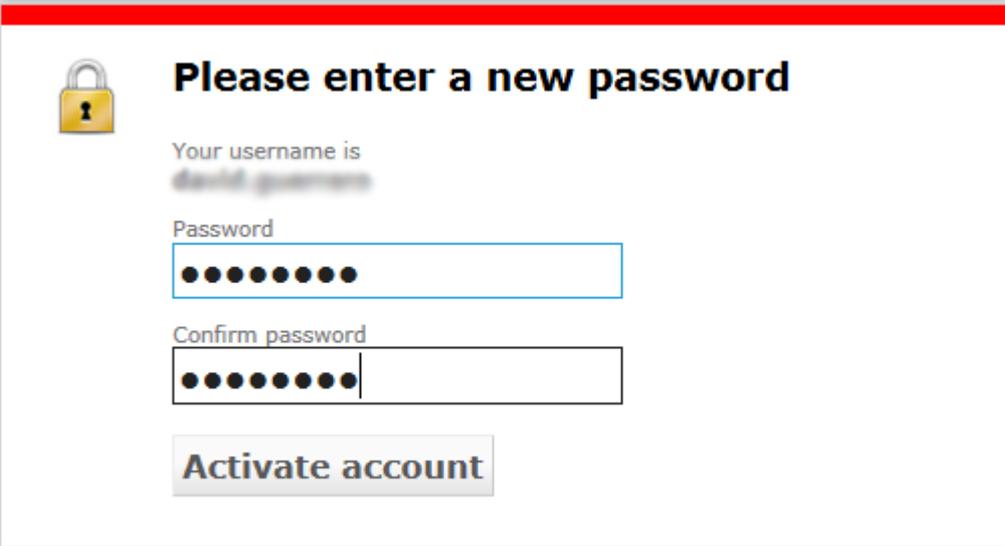

Check your mailbox!

Firefly sent an email to your registered address with the details of how to access your account.

Go to your email and check your inbox for an activation email from FireFly.

Open the email and click on 'Activate account'.

Your default browser will open and you will be prompted to set a password.

The screenshot shows a web form for creating a new password. At the top left is a yellow padlock icon. The main heading is "Please enter a new password". Below this, it says "Your username is" followed by the text "david.garrett" which is partially obscured by a greyed-out effect. There are two input fields: "Password" and "Confirm password". Both fields contain ten black dots representing masked characters. At the bottom of the form is a grey button labeled "Activate account". The entire form is enclosed in a white box with a red header bar at the top.

You will then be logged in to the Firefly Parent Portal for your child's school.

Please note this will need to be repeated if you have children at other schools in the Foundation.
